<p>Short description of the project, including its aims</p>	<p>Europe finds itself at a defining stage of its historical development. The future role of Europe in the world is at stake. The world has been experiencing major changes and difficult process such as globalisation, passing through the communication era and search for new identity structures and moral compasses.</p> <p>The project aims at defining the new role for Europe in a complex changing world environment, post modernity global sphere and universal insecurity.</p> <p>The idea of recreating and re-establishing Europe as world leader and modern bridge connector between the different global players in the beginning of 21st century is at the heart of the project. Setting an agenda to open debate on the strategic visions over the future of Europe, how it will be developed and its relations to the rest of the world are ones of the most important questions of the modern international relations system and architecture.</p> <p>To restore the European social fiber and character, to examine the reasons for the status quo and formulate exit strategies, to resonate the new strategic visions for the European role and its global perspectives</p>
<p>Role of the partner organization in the project</p>	<p style="text-align: center;">Development of digital platform “Europe Connect”</p> <p style="text-align: center;">Participation in the research studies and in the launch of the academic program</p>
