Submission deadline	March 01, 2017
Title of the project	We have memories
Short description of the project (aims, objectives, main activities, target group, venues, expected results) (max. 1500 characters)	Through our project we want to contribute to raise the public awareness to the events that occurred in modern history. Our objective is to reflect about the totalitarian regimes and to exchange and share concepts through the intercultural dialogue. The main theme is the Holocaust, workshops and discussions, but also compare with the other totalitarian regimes. One of our activities is to put into discussion some case studies regarding fighters against totalitarian regimes, and to create a similitude between extreme left and extreme right. To commemorate the Jews killed in 1945, one key activity will be a peaceful march which will take place in Victoria. To have a good transparency we will organize a press conference in which we will raise problems of Holocaust and promote our project. Also we will announce in a public way the march.
