| Short presentation of your organisation<br>(key activities, experience) | <p>The goal of <b>Vilnius City Hall</b> is to represent the self-government of the capital of the Republic of Lithuania in the socio-cultural life, while developing cultural, artistic and educational activities. City Hall of Vilnius is implementing various national and international projects and from 2012 to 2017 we are implementing the EU funded project CreArt.</p> <p>While implementing 'Europe for Citizens' project, we are planning to organize cultural and educational activities which through the different activities will promote solidarity, tolerance, citizenship and encourage project participants to analyze today's EU challenges and future perspectives.</p>  |
| <b>Description of the project</b>                                       |  |
| Action, Measure in the framework of<br>„Europe for Citizens” Programme  | <b>Strand 2: Town Twinning</b>   |
| Timetable of the project  | 5-8 <sup>th</sup> of June, 2018 (dates could be changed)<br>The activities will take place at the Vilnius City Hall, the Incubator for Audiovisual Industries, Vilnius Old Town and the Lithuanian Exhibition and Congress Center LITEXPO.   |
| Short description of the project,<br>including its aims                 | <p>The project seeks to discuss the EU's challenges and future perspectives, to understand and address the issues of isolation and challenges of emigration.</p> <p>Through educational, cultural, cognitive and artistic activities, participants in the project will be able to perceive the consequences of closure, xenophobia and will have a chance to get into fates of emigrants. We believe that the project will help to create an open, tolerant, thinking and developing personality. During the project, all participants:</p> <ul style="list-style-type: none"><li>• Participate in a round table discussion and study tour in the city of Vilnius. In Vilnius Town Hall, every partner will have to present their city in a virtual way. The essence of the debate and the</li></ul> |

## Europe for Citizens

|   |  |
|---|--|
|   | <p>presentation of each city are the challenges and ways of solving them in the areas of tolerance, migration, citizenship.</p> <ul style="list-style-type: none"><li>• The script will also feature a public performance mini-show on tolerance in Vilnius City Hall.</li><li>• Participants will be invited to create the idea, plot and script, will direct, play, sound and install a short film on the topic of citizenship in the Audiovisual Arts Incubator.</li><li>• Participated in the Art Vilnius'2018 International Art Contemporary Art Fair and, together with art critics, will discuss the power of art, developing openness and tolerance.</li></ul> |
| Role of the partner organisation in the project | <p>We are searching for the open and communicative partner organizations working in the field of culture, development, education.
