

## 2. Lump sums for Action 2.1. Twinning

The lump sum is based on one single parameter, namely the number of participants.

**TABLE 3**

| <b>Number of participants</b> | <b>Lump sum (euros)</b> |
|-------------------------------|-------------------------|
| <b>&gt;175</b>                | <b>25 000</b>           |
| <b>161/175</b>                | <b>24 000</b>           |
| <b>146/160</b>                | <b>22 000</b>           |
| <b>131/145</b>                | <b>20 000</b>           |
| <b>116/130</b>                | <b>18 000</b>           |
| <b>101/115</b>                | <b>16 500</b>           |
| <b>86/100</b>                 | <b>14 500</b>           |
| <b>71/85</b>                  | <b>12 000</b>           |
| <b>56/70</b>                  | <b>10 000</b>           |
| <b>41/55</b>                  | <b>7 500</b>            |
| <b>25/40</b>                  | <b>5 000</b>            |
