Blaagaard Teater	HOUSE OF STORIES	Kapacitets-opbygning gennem internationale samarbejder	Developing a deeper long term partnership through a capacity-building program between Blaagaard Teater and a refugee camp in Lebanon with the purpose of conceptually developing a theatre space and its technologies in the camp that supports diversity of stories and narratives. The 'House of Stories' would be a community-led space for locals to share their stories. Storytelling formats include theatre, podcast/radio drama and transmedia storytelling with the hope of breaking the physical and mental barriers that exist between the camp and the world.	296.800,00 kr.
CONCERTO COPENHAGEN	Mellem Europa og Kina - og mod et mere bæredygtigt Klassisk musikliv	Kapacitets-opbygning gennem internationale samarbejder	Der søges midler til gennemførelse af endagskonference i Shanghai arrangeret af Concerto Copenhagen, det kinesiske musikagentur Hear Music Management og Det Danske Kulturinstitut i Beijing. Formålet med konferencen er at dele erfaringer om bæredygtig turné-virksomhed inden for den klassiske musik med kinesiske aktører indenfor agenturer, koncertsale og orkestre. Udover bidrag fra lokale nøglepersoner, vil konferencen bestå af en digital paneldebat med deltagere fra europæiske koncerthuse og orkestre modereret af Jacob Teglgaard.	114.000,00 kr.

Den Danske Ambassade i Brasília	Borgen conversations - Women in media and in power	Strategiske udviklingsprojekter under den strategiske ramme	Produced by DR and currently available in the Brazilian Netflix, "Borgen" is a world renown Danish drama series and a huge success in Brazil, also amongst political decision makers. Using the series as a hook, we want to host two events focused on the challenges women face when assuming positions of power. The idea is to bring a prominent Danish speaker to Brazil related to the film and/or its subject and also invite a Brazilian prominent speaker for a discussion.	80.000,00 kr.
Den Danske Ambassade i Warszawa	Soft City. Ecological Application of Cultural Values	Kapacitetsopbygning gennem internationale samarbejder	The project aims to develop interdisciplinary cooperation between Danish and Polish cultural actors in spatial transformation of urban areas and development of local communities. Drawing on the experiences of the cities of Gdansk and Aarhus, the project will develop the capacities of Danish and Polish creative communities through knowledge-sharing, joint public projects and conferences, and peer-learning while developing inclusive visions for urban transformation of Aarhus' Sydhavnen area	295.366,00 kr.
Den Selvejende Institution Swinging Europe	MEETING POINT	Strategiske udviklingsprojekter under den strategiske ramme	"MEETING POINT adresserer nutidens globale udfordringer – krig, økonomiske kriser, politiske omvæltninger og naturkatastrofer – og deres indvirkning på den kulturelle sektor. Projektet fokuserer på at skabe mødesteder for kunstnerisk udveksling og samarbejde, med særligt fokus på inklusion af marginaliserede grupper. Projektets mål er at fremme inklusion og social bæredygtighed gennem tværkulturelt og tværkunstnerisk samarbejde mellem unge kunstnere fra forskellige baggrunde, herunder dem fra kriseramte områder. Projektet foregår i Danmark, Polen og Grækenland."	178.726,00 kr.

Foreningen Art Hub Copenhagen	Ghost Agencies - Fostering Digital Sanctuaries for Women Youth Minorities in Southern California	Strategiske udviklingsprojekter under den strategiske ramme	This project aims to empower selected minorities, by enhancing their agency within the intricate socio-political technological landscapes through the exchange and support of co-partners; art institutions, university programmes and community initiatives. The outcome; three consecutive exhibitions in Copenhagen, San Diego and Los Angeles and a publication, presents novel knowledge on how communities, cultural spaces and diverse actors can work together to update women's and human rights in the digital age.	895.350 kr.
Foreningen Copenhagen Architecture Festival	Danish-Georgian Educational Exchange	Kapacitetsopbygning gennem internationale samarbejder	The project focuses on an educational exchange centered around the environmental crisis, connecting Denmark and Georgia through discussions of water management. Both countries are vulnerable to the effects of climate change resulting in more frequent floodings and as a consequence having to deal with the economical, ecological and political implications. As both countries prioritize water resource management as a critical aspect of their environmental policies, the exchange will be focused on possible solutions to deal with this increasing threat.	110.500,00 kr.
